FROM : Acting Chief, Intelligence Information Staff, ORR

SUBJECT : Review of Satellite IPC Lists

1. The interagency Clandestine Collection Priorities Committee (IPC) of the IAC has asked that ORR review the IPC requirements lists for Albania, Bulgaria, Czechoslovakia, Hungary, Poland, and Rumania for the purpose of determining whether or not individual portions or sections of the current lists require amendment. The current lists for Poland and Bulgaria are dated 15 October 1957; those for Albania, Czechoslovakia, Hungary, and Rumania 15 November 1957. ORR contributions to these lists were prepared in the spring and early summer of 1957.

2. It is requested, therefore, that your Division review the present IPC lists for these countries and submit any changes to St/I/R according to the following schedule:

Country	Date Due in St/I/R	Attention
Albania, Bulgaria	1 October	[REDACTED]
Czechoslovakia, Hungary	8 October	
Poland	15 October	
Rumania	15 October

3. In view of the importance which area divisions of the DD/P are placing on the IPC lists as collection directives, it is urged that the Satellite lists be reviewed carefully and that "Background", "Basic Requirements", and "Targets" sections be made current to reflect ORR's priority targets which require clandestine collection. New targets should bear reference to the appropriate paragraph of "Priority National Intelligence Objectives" as expressed in DCID 1/3, 21 April 1958.

4. Copies of the current IPC lists for Albania, Bulgaria, Czechoslovakia, Hungary, Poland, and Rumania are available in your Division office for reference. Also, St/I/R has copies of the lists as well as copies of ORR contributions to these lists.

5. Any questions regarding the review should be directed to either [REDACTED] extension 521.
